

## Class 3 visits Norwich Castle to Discover and Debate

On Tuesday 2nd July Class 3 visited Norwich Castle to learn about the Egyptians, the role of archaeologists and modern museums. We heard opinions from a 19<sup>th</sup> Century archaeologist and then a campaigner who thinks the objects should be left in the tombs. The children we asked to think about it during the day and then vote on what they thought was the best thing to do. The day involved making jewellery, looking at the Egyptian way of life and mummification.

Comments from the children included:

*"I liked looking at how the mummification was done," Esther*

*"I liked the acting, it was fun, but I didn't like smelling the frankincense oil," Billy.*

*"I really liked looking at the food they ate." Isla*

*"I loved working on the jewellery and going in the theatre, it was comfy and fun," Onur.*
