The Case of the Missing Body

On Wednesday 23rd April Class 3 and Class 4 were lucky enough to take part in a science investigation at Denver Church. This was organised by Denver Governors and volunteers.

The children had to watch witness statements as well as read and collect evidence that had been set up around the church. This was all to try and answer the questions:

What happened to Jesus on Friday?
Did Jesus actually die?

Who entered the tomb?
What had happened to the missing body?

The children tested clothing, tried codebreaking, looked at evidence at a location and examined fingerprints (including making prints of their own), The children then fed back at the end of the session their findings.
