

Week 5

How quickly the weeks are flying by. We are already into the sixth week of the school being closed.

We have had another busy week, but the weather has certainly taken a turn for the worse and getting outside was a little more difficult, but we managed it when we could.

We did a mini Italy project for three days. We made a mosaic, Venetian masks and enjoyed making and eating pizza!

Friday was May Day so the children learned about the traditions. They decorated hoops and used them in the playground before doing a Maypole dance.

We went on a hunt for the Green Man
...look what we found!

We played games, exercised with Jo Wicks, made pirate hats, did some sewing, learnt how to use a golf club and generally had a great time.
