

Welcoming Back Reception, Y1 and Y6

We have been working hard over the last few weeks preparing the school to welcome back children in Reception, Y1 and Y6.

Please rest assured that, although school will be a different for a while, we will ensure that the children are all looked after and cared for. This will be a learning curve for us all and together we will work make it work.

We would really like to create some displays in school of what the children have been doing at home over the past few months. If you have any photos you would like to share, please email these to the office.

We are really looking forward to seeing some of you next week, and hope that very soon we will be able to welcome more of you back.

Mrs Jones
