

December in Class 1  
2020

# December 2020

We've enjoyed another busy month in Class 1, exploring our own learning and growing in confidence across lots of areas of the curriculum.

We enjoyed making our "Roly-Poly" toys in Design and were proud of our creations. We had to design them, make them, test them and...they all worked!

We've done lots of reading and we're beginning to use the sounds we've learnt to write simple words. We're becoming more and more confident in numeracy and have worked hard in PE and music. We always find time for arts and crafts and even spent some time playing in the snow this term!

Our first term together in Class 1 has flown by and the children should all feel proud of their achievements. It only seems like yesterday that the Reception children arrived for their first day of school! Well done, Class 1.
