

PARENTAL POINT - Please be aware that there is wide variation of ability in class so the links are to support all children. Parents are asked to use discretion as to what suits their child best. Please also note when using twinkl worksheets SOME are differentiated by ability. They use a star system to indicate this on the bottom of each sheet, 1 is the easiest option 3 is the hardest option. Supervision may be required as answer sheets maybe included.

Literacy

Remember to read while you are at home, it is really important. Read to your family and get them to read to you as well. Maybe read to your distant family over Skype, they would love it I am sure.

Fronted Adverbials

Have a look at this clip, we have looked at fronted adverbials but this will help as a reminder.

Science

How do flowering plants reproduce?

Here are a few questions to try as well.

<https://www.bbc.co.uk/bitesize/topics/zxfrwmn/articles/zfn6t39>

Using this information, write a short paragraph explaining what you have looked at.
You can add pictures or drawings to help explain.

Geography

People and Places

Where would you like to go in the world? The Lake District? The Alps? Florida? The Galápagos Islands?
Have a look at this link and choose one of these four places.

Use the information you discover to create bright and exciting advert.
You are going to try and persuade people to visit this location, how will you do it?

Remember, make sure the important parts really stand out.
Does it catch your eye from a distance?

Good Luck!

MINDFULNESS COLOURING

The Denver Drawing Challenge

Have a go at drawing a picture of yourself!

Use a mirror to capture all the details. The most important thing is to take your time. You need time to look carefully and draw what you see. Most drawing is just looking really carefully. Take a photo of what you create and send it to the office. We will put them on the website and you can try and work out which one is your friend.

1

Draw a faint oval. You will go back over this later after you have drawn the hair.

2

Mark some very faint guide lines with a pencil and ruler.

6

Draw the eyebrows.

7

Draw the ears.

8

Draw the hair.

9

Go over the lines of the oval that aren't covered by hair. Erase the faint guide lines and the oval lines that are covered by hair.

10

Colour in the face. Don't forget to add the pupils in the eyes and any freckles or other details on the face.

5

Draw the mouth.
